Item 2. Acquisition or Disposition of Assets

On April 1, 2004, Sequa Corporation (Sequa), through its TurboCombustor Technology, Inc. unit (TCT), an affiliated subsidiary of Chromalloy Gas Turbine Corporation, sold the business and substantially all of the assets and certain of the liabilities of TCT to TCT Acquisition, Inc. TCT received \$32.0 million in cash, subject to certain adjustments, and \$8 million Face Amount of Series B Convertible Preferred Stock representing up to an 18.2% ownership interest in TCT Acquisition, Inc. An investor group that includes CAI Partners & Co., II L.P. of New York, Toronto, Montreal and Vancouver; Aero Equity Fund Inc. of Savannah, Georgia; and certain management executives of TCT Acquisition, Inc. hold the remaining 81.8% ownership interest.

The TCT business employed approximately 260 employees in Florida, and manufactured complex sheet metal fabrications for gas turbine engines used in the aerospace and industrial markets.

A copy of Sequa's press release dated April 1, 2004 is filed as an exhibit to this Current Report on Form 8-K and is incorporated by reference herein.

Item 7. Financial Statements and Exhibits

(b) Unaudited pro forma financial information of Sequa reflecting the sale of the TCT business.

The unaudited pro forma consolidated financial information gives effect to the sale of the TCT business as if the disposition had occurred, for balance sheet purposes on December 31, 2003, and for income statement purposes on January 1, 2003. The Pro Forma Consolidated Balance Sheet at December 31, 2003 includes an estimated \$2.6 million after-tax gain on the sale of the TCT business. This pro forma adjustment has not been made to the Pro Forma Statement of Operations as it will not have a continuing impact on Sequa's results of operations.

The pro forma adjustments are based on presently available information. The pro forma gain on the sale of the TCT business is based on the net book value at December 31, 2003 of the net assets sold and a preliminary purchase price which is subject to final cash settlement adjustments. Sequa's final accounting for the disposition of the TCT business is still under review by management and is anticipated to be finalized in the third quarter of 2004. Accordingly, Sequa's actual recording of the disposition may differ from the pro forma financial information. The unaudited pro forma financial information has been included as required by the Securities and Exchange Commission and is not necessarily indicative of the results that would have been reported had the disposition actually occurred on the dates specified, nor is it indicative of the results that may be obtained in the future.
